**CONSENT AFTER INFORMATION**

Good Morning. My name is \_\_\_\_\_ and I work for the National Institute of Statistics (NIS). We are presently carrying out in collaboration with the Ministry of Public Health, a nationwide study on reproductive health products and services. We would like you to participate in this study. The interview usually lasts between 20 to 30 minutes

This study, which intervenes after that of 2014, will help to provide data for measuring progress made in the availability of modern contraceptive methods and vital maternal health products. In the frame work of this study, we shall interview persons in charge of the supply, of the maternity and those in charge of family planning services delivery points. All the information you provide will remain strictly confidential and will not be given to anyone apart from those involved in the study. After this interview with you, you would facilitate our access to selected customers leaving your family planning services.

Have you got any questions on the survey?

Can I begin the interview now?

**NOTE:**

**At this stage;**

- 1) Thank the interviewer for his/her time and for the information provided**
- 2) Inform him/her that for the next part of the survey, as you informed him/her earlier, you would interview family planning clients who are visiting the SDP**
- 3) Assure him/her that the responses of the clients will not be used against anybody or the SDP but will be used for a general understanding of the views of clients and for better service provision**
- 4) Specifically ask for permission from the relevant authority of the SDP for you to carry on with the exit interview**
